

Homeownership in a City you Love!

The Buy Fall River Program.

City of Fall River Mayor
Jasiel F. Correia II

The Buy Cities Program combines mortgage funding from community banks and credit unions with **MassHousing's MIPlus™**, mortgage insurance with mortgage payment protection, to promote homeownership in select Massachusetts cities in conjunction with the **Fall River/New Bedford Housing Partnership**.

Through the Buy Cities Program, lenders offer long-term financing with no points for up to 100% of the purchase price of a new home or 100% of the current fair market value of a property for limited cash-out refinances. Find out more about Buy Fall River today!

MassHousing is a self-supporting not-for-profit public agency that has provided more than \$18.5 billion in financing for homebuyers, homeowners and affordable rental housing across Massachusetts.

See why MassHousing has become the affordable choice for Millennial buyers!
